

# Privacy Policy

Your privacy is critically important to us. At JCD COMPUTER SYSTEMS LTD we have a few fundamental principles:

We don't ask you for personal information unless we truly need it.

We don't share your personal information with anyone except to comply with the law, develop our products, or protect our rights.

We don't store personal information on our servers unless required for the on-going operation of one of our services.

JCD COMPUTER SYSTEMS LTD. ("JCD") operates several websites including jcdcomputers.com. It is JCD's policy to respect your privacy regarding any information we may collect while operating our websites.

## **Website Visitors**

Like most website operators, JCD collects non-personally-identifying information of the sort that web browsers and servers typically make available, such as the browser type, language preference, referring site, and the date and time of each visitor request. JCD's purpose in collecting non-personally identifying information is to better understand how JCD's visitors use its website. From time to time, JCD may release non-personally-identifying information in the aggregate, e.g., by publishing a report on trends in the usage of its website.

JCD also collects potentially personally-identifying information like Internet Protocol (IP) addresses. JCD does not use such information to identify its visitors, however, and does not disclose such information, other than under the same circumstances that it uses and discloses personally-identifying information, as described below.

## **Gathering of Personally-Identifying Information**

Certain visitors to JCD's websites choose to interact with JCD in ways that require JCD to gather personally-identifying information. The amount and type of information that JCD gathers depends on the nature of the interaction.

## **Aggregated Statistics**

JCD may collect statistics about the behaviour of visitors to its websites. For instance, JCD may monitor the most popular blogs on the jcdcomputers.com site. JCD may display this information publicly or provide it to others. However, JCD does not disclose personally-identifying information other than as described below.

## **Protection of Certain Personally-Identifying Information**

JCD discloses potentially personally-identifying and personally-identifying information only to those of its employees, contractors and affiliated organisations that (i) need to know that information in order to process it on JCD's behalf or to provide services available at JCD's websites, and (ii) that have agreed not to disclose it to others. Some of those employees, contractors and affiliated organisations may be located outside of your home country; by using JCD's websites, you consent to the transfer of such information to them.

JCD will not rent or sell potentially personally-identifying and personally identifying information to anyone. Other than to its employees, contractors and affiliated organisations, as described above, JCD discloses potentially personally-identifying and personally-identifying information only when required to do so by law, or when JCD believes in good faith that disclosure is reasonably necessary to protect the property or rights of JCD, third parties or the public at large.

If you are a user of the JCD website and have supplied your email address, JCD may occasionally send you an email to tell you about new features, solicit your feedback, or just keep you up to date with what's going on with JCD and our products. We primarily use our various blogs to communicate this type of information, so we expect to keep this type of email to a minimum. If you send us a request (for example via a support email or via one of our feedback mechanisms), we reserve the right to publish it in order to help us clarify or respond to your request or to help us support other users. JCD takes all measures reasonably necessary to protect against the unauthorised access, use, alteration or destruction of potentially personally-identifying and personally-identifying information.

## **Cookies**

A cookie is a string of information that a website stores on a visitor's computer, and that the visitor's browser provides to the website each time the visitor returns. JCD uses cookies to help JCD identify and track visitors, their usage of JCD website, and their website access preferences. JCD visitors who do not wish to have cookies placed on their computers should set their browsers to refuse cookies before using JCD's websites, with the drawback that certain features of JCD's websites may not function properly without the aid of cookies.

## **Privacy Policy Changes**

Although most changes are likely to be minor, JCD may change its Privacy Policy from time to time, and in JCD's sole discretion. JCD encourages visitors to frequently check this page for any changes to its Privacy Policy. Your continued use of this site after any change in this Privacy Policy will constitute your acceptance of such change.
